My name is Kate. I'm a college student. I'm studying science at Tokyo University.

I have a small family. It's just me, my sister and my dad. My sister is five. She is really cute. She has big blue eyes, and long blond hair. My dad is tall, he has straight black hair and a short goatee. My sister and I both like music. I play the piano, and my sister plays the trumpet. I always practice the piano in my room after dinner.

My room is really cool. I have a big music collection. I have lots of MP3s, I have some CDs, I have a few tapes, but I don't have any records. At the moment, my sister is in the living room watching TV, but I'm studying because I have a big test on the 27th.
